

KENWOOD

BREAK FREE

CAR ENTERTAINMENT SYSTEMS 2015 - 2016

FEEL THE EXCITEMENT

You chose a car that would be an extension of your body, responsive, adaptable, and intuitive. Why should a car entertainment system be any different? Kenwood systems are made to sync with you, virtually connecting, learning your preferences and harmonising with your needs. From the moment you switch on your Kenwood system, every nuance and inflection of pristine sound reproduction is at your fingertips. You're in the driver's seat of your own personalised entertainment experience.

SEE THE POSSIBILITIES

Kenwood's rich lineup of multimedia systems is your solution for all your entertainment needs. Browse the internet with Network Navigation systems featuring Wi-Fi, always stay on track with Navigation systems fitted with Garmin GPS technology, or enjoy a movie on the go with Monitor Receiver systems equipped with a DAB+ tuner and Bluetooth.

INFORMATION

Whether keeping in touch with your friends, finding the best parking spot, or discovering the quickest route, Kenwood provides a wealth of information at your fingertips.

ENTERTAINMENT

With a wide range of entertainment possibilities, you can listen to music, watch movies, connect to your smartphone, every drive is a pleasure.

RELIANCE

When you need reliable up to date map information, or in a tricky parking situation, trust Kenwood to give you a safe and comfortable driving experience.

DNN9150DAB

7.0" WVGA Wifi Network Navigation System

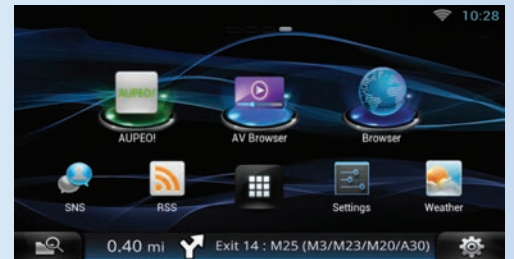

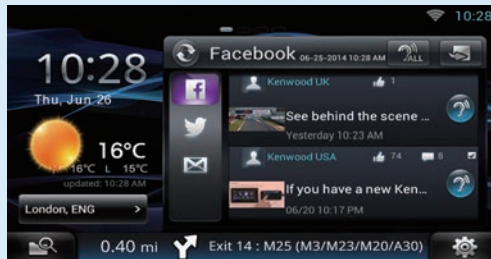

CAPACITIVE TOUCH PANEL	REMOVABLE FACEPLATE	WIRELESS MIRRORING READY	TRUE MIRRORING READY
2 Phones SWITCHABLE HANDS FREE	SIRI EYES FREE	3 YEARS FREE MAP Update	INRIX TRAFFIC 2 YEARS TRIAL
PARKING GuideLine	Drive EQ+		

NETWORK

Pre-installed applications

Use pre-installed social media applications; Facebook and Twitter to connect with your friends. In addition the advanced AV browser can play streaming videos.

ADVANCED NAVIGATION

Guidance by Garmin

Equipped with the industry standard Garmin navigation system, offering a variety of display options to make your driving easy such as Junction View, Lane Assist and 3D Building Map.

Junction View

NEW CAPACITIVE TOUCH PANEL

The new capacitive touch panel for DNN9150DAB provides a high contrast ratio, crystal clear display images, vivid text and superior pinch and zoom operation.

HIGH QUALITY AUDIO STREAMING

These receivers are compatible with high quality codecs such as AAC and aptX, offering high quality sound unlike conventional wireless devices.

DNX7150DAB

7.0" WVGA Navigation System
with Built-in DAB Tuner

REMOVABLE FACEPLATE	WIRELESS MIRRORING READY	TRUE MIRRORING READY	2 Phones SWITCHABLE HANDS FREE
SIRI EYES FREE	3 YEARS FREE MAP Update	INRIX TRAFFIC 2 YEARS TRIAL	PARKING GuideLine
Drive EQ+			

DNX4150BT/DAB

6.2" WVGA Navigation System
with Built-in Bluetooth

WIRELESS MIRRORING READY	TRUE MIRRORING READY	2 Phones SWITCHABLE HANDS FREE	SIRI EYES FREE
3 YEARS FREE MAP Update	INRIX TRAFFIC 2 YEARS TRIAL	PARKING GuideLine	Drive EQ+

DAB+ capability only for DNX4150DAB.

INRIX TRAFFIC

Through Kenwood's Traffic app you can get 2 years free access to INRIX traffic information, offering real time traffic information as well as parking, fuel services, weather and much more.

THE PERFECT ENTERTAINMENT PACKAGE

Compatible with various internet radio apps such as Aha and AUPEO. You can also enjoy built-in DAB+ radio broadcast.

DRIVE EQ+

Road noise is the enemy of all audio systems found in vehicles. The inherent frequencies of road noise masks a wide range of the audio signal found in music. Drive EQ boosts specific frequencies in the audio signal to compensate the negative impact of road noise. With Drive EQ+ the bass is enhanced according to the vehicle speed to compensate for the loss due to noise from the road.

PARKING GUIDE LINE

Parking guide lines appear even on third party rear view cameras, making parking easy and safer.

DNX5250BT

6.1" WVGA Navigation System
with Built-in Bluetooth

PARTIAL REMOVABLE FACEPLATE	WIRELESS MIRRORING READY	TRUE MIRRORING READY	2 Phones SWITCHABLE HANDS FREE
SIRI EYES FREE	Drive EQ		

DNX450TR

6.1" WVGA Truck Navigation System
with Built-in Bluetooth

DNX525DAB

7.0" WVGA Navigation System for Volkswagen/Seat/Skoda

PARTIAL REMOVABLE FACEPLATE 	WIRELESS MIRRORING READY 	TRUE MIRRORING READY 	2 Phones SWITCHABLE HANDS FREE
SIRI EYES FREE 	Drive EQ 		

PERFECT FIT SOLUTION

DNX715WDAB is a navigation system with a dedicated 200mm front panel.

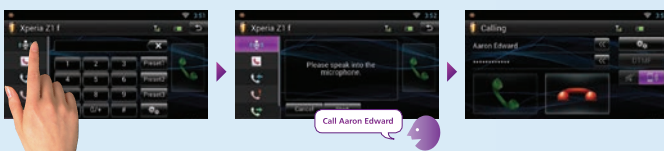

DNX525DAB is designed to match the dashboard of Volkswagen, Seat and Skoda vehicles.

BLUETOOTH

Voice Dialling / Siri Eyes Free

The Kenwood receiver will allow the voice dialling feature found on most smartphones to work through Bluetooth.

2 Phones Switchable Hands Free

While you are connected through Bluetooth, by a touch of a button you can switch between two phones. Answering, calling or searching your phonebook on your phone is made simple through an intuitive GUI.

DDX7015BT

7.0" WVGA DVD Receiver with Built-in Bluetooth

DDX5015BT/DAB

6.2" WVGA DVD Receiver with Built-in Bluetooth

DAB+ capability only for DDX5015DAB.

DDX4015BT/DAB

6.2" WVGA DVD Receiver with Built-in Bluetooth

DAB+ capability only for DDX4015DAB.

DDX3015

6.2" WVGA DVD Receiver

WIRELESS MIRRORING & TRUE MIRRORING

Wireless Mirroring Ready

Your smartphone display can be transmitted to your Kenwood receiver wirelessly by connecting the optional KCA-WL100 Miracast dongle.

True Mirroring with HDMI / MHL

Connect your smartphone via HDMI/MHL to mirror its display on your receiver. Operate your smartphone applications with the receiver touch panel*.

* Available for Android and limited iPhone applications.

TUNE IN TO VARIETY

A wide selection of receivers ranging from DAB+, built-in Bluetooth, smartphone linking, and digital media players, Kenwood has something for everyone. Experience quality digital radio with the DAB+ receiver series. The Digital Media receiver series is available with added Bluetooth and a sophisticated front panel design.

CONNECTIONS

No matter how you experience your entertainment Kenwood has a variety of connections available to suit your style.

SOUND QUALITY

Transform an ordinary driving experience into something extraordinary with out of this world sound quality.

EASE OF USE

Sync your smartphone effortlessly with user friendly Bluetooth Auto Pairing, navigate your music with ease on the large display.

KDC-BT73DAB

DAB Tuner / Bluetooth / USB / CD Receiver

KDC-BT49DAB

DAB Tuner / Bluetooth / USB / CD Receiver

KDC-BT39DAB

DAB Tuner / Bluetooth / USB / CD Receiver

KDC-DAB35U

DAB Tuner / USB / CD Receiver

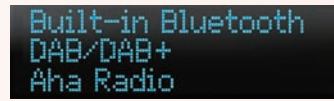

BUILT-IN DAB+ TUNER

DAB+ DAB is a digital radio technology for broadcasting radio stations, used in various countries particularly in Europe. In comparison to traditional AM and FM radios, DAB delivers cleaner, crisper sound due to the noise reduction implemented. Furthermore an upgraded DAB+ was released in 2007, which features a higher audio quality and better reception. Kenwood's built-in DAB+ receivers are maximised in design quality, top-end performance and affordability.

3 LINE FULL DOT LCD

Check out the stunning Full Dot LCD displays on Kenwood's high-end CD receivers. You can select between three lines of regular-size text or two lines of large-size text. Three lines per screen helps to make music searching much easier and faster, while two lines of text enables easier reading of the display.

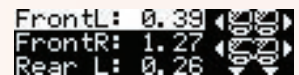

GRAPHIC EQ / TIME ALIGNMENT

Use the graphic equalizer to tailor the sound quality to your unique tastes. Additional sound contouring is available with the Time Alignment feature, designed to provide optimal and balanced sound performance.

Graphic Equalizer

Time Alignment

AHA RADIO CONTROL

aha. Aha organises your favourite internet content from the web into on-demand radio stations, no matter where you go, you will never miss a beat.

KDC-BT92SD

KDC-BT45U

Bluetooth / USB / CD Receiver

KDC-BT35U

Bluetooth / USB / CD Receiver

BLUETOOTH TECHNOLOGY

Bluetooth® If you enjoy great music, talking on the phone with friends, and driving your car then we have a solution that allows you to do all three at the same time, safely. With Kenwood's Bluetooth technology you can enjoy a hands-free service.

Play Music via Audio Streaming (A2DP/AVRCP)

Easily stream music from your phone or other Bluetooth devices directly to the receiver. Functions such as track name display and track search are also available from the receiver.

High Quality Audio Streaming

Compatible with high quality codecs such as AAC and aptX, you can enjoy high quality audio playback wirelessly.

Voice Dialling / Siri Eyes Free

The receiver will allow the voice dialling feature found on most smartphones to work through Bluetooth.

HFP 1.6 for Bluetooth Hands-free

Thanks to HFP 1.6 support for 2015 Bluetooth models, clear & real sounding voice by "Wideband Speech" is available through hands-free conversation via Bluetooth.

* Availability of HFP 1.6 (Wideband Speech) depends on the phone and service provider.

Bluetooth Auto Pairing

Connect your iPhone or Android smartphone to a Bluetooth built-in receiver via USB cable, and the unit will automatically detect and pair your smartphone, taking away the hassle of a complicated Bluetooth setup.

External Bluetooth Microphone

For easy installation, a microphone with angle and swivel adjustment is available.

EXTRA EQ

Extra EQ Extra EQ enables the acoustic sound field to move to a higher position elevating the sound to your ear level.

KDC-461U

iPod / USB / CD Receiver

KDC-364U

iPod / USB / CD Receiver

KDC-264UB

iPod / USB / CD Receiver

KDC-164UG/UB/UR

USB / CD Receiver

CD DOOR / COVER

The protective CD door and cover keeps airborne particles from interfering with the CD mechanism. Furthermore this unique idea gives a sleek look on the dashboard, by hiding the disc slot on the front.

DUAL USB PORTS

Support your devices at the same time with a front panel mounted USB port and a rear mounted USB port. Play your music from one USB port and use the other to charge your device.

ANDROID MUSIC PLAYBACK

Kenwood introduces the new line-up of car audio receivers that support AOA2 (Android Open Accessory Protocol version 2). Simply install the "Kenwood Music Play" application onto the Android smartphone, connect it to your Kenwood receiver via USB, and control your music directly from the car audio receiver.

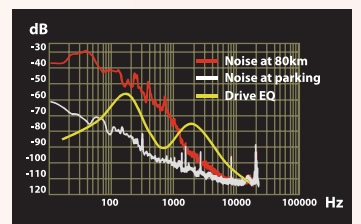

DRIVE EQ

Road noise is the enemy of all audio systems found in vehicles. The inherent frequencies of road noise masks a wide range of the audio

signal found in music, and this is the reason Kenwood engineers developed Drive EQ. Drive EQ boosts specific frequencies in the audio signal to compensate the negative impact of road noise.

KMM-303BT

Bluetooth / iPod / USB Receiver

KMM-BT35

Bluetooth / iPod / USB Receiver

VARIABLE COLOUR ILLUMINATION

You can select a preset colour or create your own to match the dashboard lighting or your mood of the day.

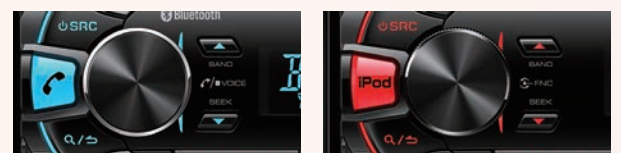

KMM-361SD

SD / iPod / USB Receiver

DIRECT KEY

Kenwood's receivers feature a prominent Direct Key to improve operability. Phone or iPod, and Folder up/down are supported for the main feature of each receiver.

SD PLAYBACK

Play music files stored on a SD card with the SD function featured on KMM-361SD. SDHC is supported up to 32GB.

KMM-264

iPod / USB Receiver

FLAC PLAYABILITY

FLAC (Free Lossless Audio Codec) is a music compression format specifically designed for audio lovers, having smaller file sizes but without the loss of quality. Kenwood is the first manufacturer to step into the quality sound of FLAC in the car audio industry.

DPX406DAB

Double-DIN DAB Tuner / Bluetooth / USB / CD Receiver

1.5 LINE DISPLAY

With the 1.5 Line display on your 2DIN receiver you can monitor your signal strength and battery level of your smartphone whilst connected to your head unit.

DPX306BT

Double-DIN Bluetooth / USB / CD Receiver

FRONT USB & AUX INPUT

The illuminated USB and AUX terminal with a slide protection cover offers easy connection at night.

DPX206U

Double-DIN iPod / USB / CD Receiver

OFF-HOOK AND PHONE BOOK KEY

To receive a call while your phone is paired with the head unit via Bluetooth, simply press the Off-hook Key located on the bottom right side of the unit. Browse through your phone book by clicking the dedicated Phone Book Key and make a call by selecting the name or number of the person you're trying to call.

iPod FRIENDLY KEY

The iPod key allows you to jump to the iPod/iPhone source at anytime while using the head unit. On top of that, A-Z key offers excellent usability when searching songs from your connected device.

Compact 4-Channel Digital Amplifier

THE THINNEST EVER

High performance now fits almost anywhere. XR series amplifiers are designed to be our best sounding amplifiers. They provide outstanding dynamics, holding the musical reproduction to the highest standard whether delivering impactful bass or the most detailed notes.

XR400-4; 35mm

MULTI APPLICATION

Many of today's powersports have very limited space to work in and tend to be a harsh environment for electronics because of the exposure to outdoor environments. Kenwood's compact KAC-M1804 amplifier is small in size so it can fit even the most limited installation areas. The amplifier also uses a conformal coated main PCB (printed circuit boards) which offer extra layers of protection to help prevent moisture or damp air from damaging the product.

PERFORMANCE & RELIABILITY

Low frequency output has been improved by increasing the cone area without changing the cutout diameter. By adopting a "Stress-free Spider" and a "Thermal Efficient System" the mechanical and thermal durability has also been improved dramatically delivering smooth and strong bass sound with long lasting reliability.

	KSC-W1200T	200W				BEST	GOOD	BEST

Note: In order to obtain the best amplifier / speaker performance without failure even when according to the above chart:
 1) DO NOT raise the head unit's volume to its fullest.
 2) DO NOT set the amplifier's input sensitivity to its maximum, and always set it to match the combining head unit's pre-out level.
 If you do not follow these two rules, clipping signals will output from the amplifier which will result in speaker damage.

* Use of two subwoofers are recommended.

HYBRID PULP CONE

This Unique cone uses an optimal mix of pulp, hemp and glass fibre that is sandblasted to create a surface that reduces distortion causing cone vibrations. The result is long term durability and sound performance that will satisfy even the most critical ears.

OVERSIZED CONE

By fitting a larger speaker you'll benefit from deeper bass, higher volume and better efficiency. Kenwood's 7" speakers fit where most 6.5" speakers fit and offer higher performance.

Front Camera

Back Screen

KCA-DR300

GPS Integrated Dashboard Camera

FULL HD RECORDING

Record high-resolution smooth videos at Full HD (1920 x 1080) while keeping the file size small with H.264 technology.

BUILT-IN GPS

Check your location wherever you go. The built-in, highly sensitive GPS receiver automatically records driving information in the video such as speed, altitude, longitude, latitude & heading. Display your location on Google Maps™ with a link to web when you play the video on “Kenwood Drive-View Player”.

HDR FOR BACKLIGHTING

Thanks to HDR (High Dynamic Range) technology, KCA-DR300 can record video at dark and bright locations, without underexposing or overexposing the image.

PARKING MODE

With latest motion detection technology and its own internal battery, KCA-DR300 automatically activates and records video when motion is detected near the front of the vehicle. During parking mode, the security indicator will have a deterrent effect against car theft or vandalism.

SMOOTH RECORDING

Recording at 30 frames a second creates a natural and progressively smooth video.

BUILT-IN G-SENSOR

When the G-Sensor detects any sudden motion, KCA-DR300 will automatically save and lock the recording to protect it from being deleted. The integrated 3-axis sensor records G-force which shows the direction and the strength of possible impact.

KMR-M308BTE

Marine iPod / USB receiver

KMR-700U

Marine iPod / USB Receiver

KMR-440U

KCA-iP302
iPod Audio / Video Cable

KCA-WL100
Miracast Dongle

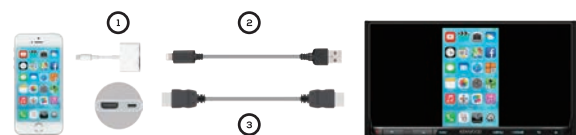

KCA-MH100
MHL HDMI Cable

KCA-HD100
HDMI Cable

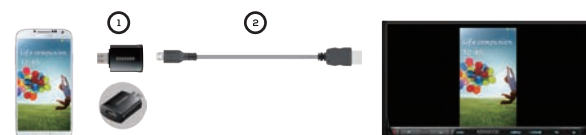

The required accessories for Apple iPhone 5 / 5c / 5s / 6 / 6 Plus

- 1 Apple Lightning Digital AV Adapter
- 2 Kenwood Lightning to USB Cable
KCA-iP103 Charging
- 3 Kenwood HDMI Cable
KCA-HD100 Transfer Audio / Video

The required accessories for Android Smartphone

- 1 Samsung MHL 11pin to 5pin Adapter
* Only Galaxy requires this adapter
- 2 Kenwood MHL - HDMI Cable
KCA-MH100
Transfer Audio / Video & Charging

* In case of Samsung Galaxy S5, S4 and S3.
